

CONVERGE MOBILE

Don't Sacrifice Payment Security for Mobility

ANYTIME, ANYWHERE PAYMENTS

Now you can take payments anywhere your business takes you without sacrificing security.

Converge Mobile is ideal for retail, restaurant and service businesses of any size whether you need payments on the go or as an extra checkout option at busy times. The Converge Mobile app works with most Apple® and Android® mobile devices and uses an all-in-one encrypted device to help keep card data safe at the point of entry and throughout the payment process.

Converge Mobile is easy to setup and easy to use - for both you and your customers. At checkout, easily apply discounts, calculate sales tax and offer your customers the ability to tip.

Complete the transaction by emailing the receipt or printing to a supported Bluetooth® printer.

AT-A-GLANCE FEATURES

- Accept signature debit and credit cards, including mag stripe, chip cards and contactless payments
- Accept mobile wallets, including Apple Pay®, Android Pay™ and Samsung Pay®
- Record cash transactions
- Automatically calculate discounts, taxes and tips
- Print or email customer receipts
- Help protect cardholder data with an encrypted card reader

SUPPORTED MOBILE DEVICES

- Apple iPhone®, iPad®, iPad Air®, iPad mini™, iPad Pro™ and iPod touch® with iOS 8 and above
- Hundreds of mobile smartphones and tablets operating on Google Android version 5.0 or above

Converge Mobile requires the purchase or lease of a supported PIN pad or card reader. Your mobile carrier may charge access fees depending on your individual plan. Web access is needed to use Converge Mobile. Check your carrier for specific fees and charges. Some mobile features may require additional online setup. Any additional services and fees will be identified during registration and during their use. Converge Mobile is sold in the US only and accepted only for domestic US-based transactions.
